CARS CARRY APPEAL FOR "SHOP EARLY"

Postmaster's Series of Three to Urge Citizens' Aid in Reducing Postal Burden.

ADDRESSES DURING WEEK

"Shop early—mail early!"

Co-operation on the part of the public with the city post office in the hope of preventing the usual Christmas postal congestion is being further asked by Postmaster Merritt O. Chance of the city post office, in car cards and in a series of small placards to be distributed to the public, the first of which was issued yesterday. Other small placards of this series are to be issued December 9 and 15.

The street car cards bear a picture showing a letter carrier enjoying his Christmas dinner with his family, and carry the words, "Home for Christmas dinner. Your Christmas mail will be joyful—make the postman's happy. Shop and mail early."

First Card Appears.

The first of the small cards, which appeared yesterday, reads:

"On account of the abnormally heavy mails incident to the Christmas season, it is necessary for patrons of the postal service to mail parcels and cards at least three or four days earlier than under normal conditions if delivery is to be expected in time for Christmas."

"It should be noted that Christmas occurs on December 25, and that there will be no delivery of mail Sunday, December 24, every effort will be made to deliver all packages for mailing on Saturday, December 23. To accomplish that result the co-operation of the public is needed, and your help is solicited."

"Patrons are urged to do their Christmas shopping early. The merchants will be glad to have the business, and the parcels do not open until Christmas."

Contains Mailing Schedule.

The second small card, of December 9, contains a mailing schedule, as follows:

"To avoid delays mail parcels and cards not later than the dates indicated below:

"For California and the far west and southwest, December 16; for Illinois, Iowa and other states of the middle west, December 18; for the southern states, December 18; for the New England states, December 18; for New York, Pennsylvania, New Jersey, Ohio, Indiana and Kentucky, December 18; for Virginia, Maryland, West Virginia and North and South Carolina, December 19; for the District of Columbia, December 19, 20 and 21."

"The card warns the public to insure all valuable parcels. It goes on to state that the name and address of the sender, in addition to the addressee, must be placed upon the parcels and that they may be marked "Don't open until Christmas."

Text of Third Card.

The third card, of December 15, says:

"Now is the time to mail Christmas parcels and cards for delivery in Washington and vicinity. Your letter carrier wants to deliver all of them by Saturday, December 23. Don't disappoint your friends by late mailing. Mark the parcels 'Don't open until Christmas.'"

"Please do not wait until the last minute to mail Christmas cards. If you mail them in envelopes, the envelopes may be marked, 'Don't open until Christmas.'"

The series of addresses on "shop early—mail early" by city post office officials is to continue during the week as follows:

COMMUNITY WILL TAKE PART IN ENTERTAINMENT.

Anacostia to Hold Home-Coming Celebration Tuesday and Wednesday of Next Week.

Anacostia is to have a community entertainment and home-coming celebration Tuesday and Wednesday evenings of next week, in the Masonic Hall, under the auspices of Emmanuel P. E. Church, and in which several other churches and organizations of the community will participate. William J. Latimer, chairman of the general committee, has sent out invitations to a large number of former residents of the suburb to be present at that time, and this committee looks to the most successful gathering ever conducted locally. In addition to Emmanuel Church, the Esther Memorial Church of Congress Heights, St. Teresa's Church, Troops 48 and 50, Boy Scouts and boys of the Liberty League are taking part in the affair. The entertainment will consist of vaudeville each evening, with dancing following, a change of program being made each night.

Will Contribute Features.

Those to contribute to the entertaining features include Edwin Callow, the originator of "Tony, the Barber"; Allie Pennell, character songs, to be accompanied by Mrs. Pennell; quartet, consisting of Charles F. Roberts, Arthur L. Simpson, E. J. Aiken and Milton J. Phillips; Arthur Pierce, in imitations of Bert Williams, accompanied by Byron Blodgett; Charles A. Stevens and Miss Maud Feltheimer, in a sketch, "Forrest & Co., Milliners"; Mr. and Mrs. William Seantlebury, with their minstrel troupe, comprising S. D. Frazier, J. A. Charles, George Fisher, Thornton Fisher, Charles Warren, Goddard Hoffman, W. W. Tolson, George Frazier, Charles Etzler, Walter Townsend, Frank Hagan and Frank Glicker; Mrs. Arthur D. Smith and Prof. Fulton B. Karr, in instrumental duets; George O'Connor, comic songs, accompanied by Matt Horn, and several operatic selections, including "Lucia" and "Martha," with Louis A. Potter, musical director.

The committee in charge of the affair has established permanent headquarters at 2651 Nichols avenue.

In a London church tower there is a clock which strikes the hours and quarters, but has no dials nor other visible evidences of the time.

Good Work for G. O. P. Campaign's Managers

Representative Langley Contends That No One Could Have Done Better.

Representative John W. Langley of Kentucky, who has just been re-elected to Congress for the sixth time, arrived in the city yesterday, and in an interview for The Star referred to the recent election as one of the most peculiar in the history of the nation.

"It means," he said, "that in the future every state in the nation, outside of the solid south, will have to be fought for, and that nothing can be taken for granted."

"We hear murmurings in certain quarters," declared Mr. Langley, "against the management of the campaign that are very much uncalled for. Our campaign was well managed by Messrs. Wilcox, Hart and Hitchcock. Their work could not have been better. They carried for the ticket New York, New Jersey, Indiana and Illinois, states that have been pivotal for fifty years. Who could have done better?"

Hughes an Ideal Candidate.

"Our candidate, Mr. Hughes, was an ideal one, and came within a few hundred votes of being elected, which in my judgment was a wonderful feat in view of the war that is going on, the resulting prosperity and the split in the republican party that took place four years ago."

"No candidate could have done better, and the country is the loser that he failed of election."

"I am confident the republicans will organize the House of Representatives," said Mr. Langley, "and thereby take charge of that branch of the government. My knowledge of the close districts and progressiveness elected leads me to make this statement."

Speaking of his own state, Mr. Langley said: "The mountain section of Kentucky gave the republicans about 30,000 majority, and ordinarily, with the city of Louisville a stand-off, that would have given us the state, but the contentment of the farmers in central and western Kentucky caused them to give an abnormal majority and thus defeated us."

"The election does not indicate the country is democratic. Far from it. An analysis of the vote for governor in the various states shows the country to be republican, and the next election without Woodrow Wilson a candidate will fully demonstrate it. He was undoubtedly stronger than his party in this campaign."

Are to Be Made Into Sausage.

AUSTIN, Tex., December 2.—A plant for the manufacture of sausage from the meat of Texas jack rabbits is to be erected soon and put into operation in west Texas, according to an announcement today by Fred W. Davis, state commissioner of agriculture. Promoters of the plant expect to handle most of the annual rabbit crop in their mill.

The Texas state department of agriculture has decided to attempt to create a country-wide demand for rabbit meat. It is expected that not less than 1,000,000 Texas born and reared rabbits will be shipped to New England and eastern markets during the next few winter months. Commissioner Davis says the rabbits are quoted in some cities at a higher price than turkey or chicken.

Representative Langley Contends That No One Could Have Done Better.

Representative John W. Langley of Kentucky, who has just been re-elected to Congress for the sixth time, arrived in the city yesterday, and in an interview for The Star referred to the recent election as one of the most peculiar in the history of the nation.

"It means," he said, "that in the future every state in the nation, outside of the solid south, will have to be fought for, and that nothing can be taken for granted."

"We hear murmurings in certain quarters," declared Mr. Langley, "against the management of the campaign that are very much uncalled for. Our campaign was well managed by Messrs. Wilcox, Hart and Hitchcock. Their work could not have been better. They carried for the ticket New York, New Jersey, Indiana and Illinois, states that have been pivotal for fifty years. Who could have done better?"

Hughes an Ideal Candidate.

"Our candidate, Mr. Hughes, was an ideal one, and came within a few hundred votes of being elected, which in my judgment was a wonderful feat in view of the war that is going on, the resulting prosperity and the split in the republican party that took place four years ago."

"No candidate could have done better, and the country is the loser that he failed of election."

"I am confident the republicans will organize the House of Representatives," said Mr. Langley, "and thereby take charge of that branch of the government. My knowledge of the close districts and progressiveness elected leads me to make this statement."

Speaking of his own state, Mr. Langley said: "The mountain section of Kentucky gave the republicans about 30,000 majority, and ordinarily, with the city of Louisville a stand-off, that would have given us the state, but the contentment of the farmers in central and western Kentucky caused them to give an abnormal majority and thus defeated us."

"The election does not indicate the country is democratic. Far from it. An analysis of the vote for governor in the various states shows the country to be republican, and the next election without Woodrow Wilson a candidate will fully demonstrate it. He was undoubtedly stronger than his party in this campaign."

Are to Be Made Into Sausage.

AUSTIN, Tex., December 2.—A plant for the manufacture of sausage from the meat of Texas jack rabbits is to be erected soon and put into operation in west Texas, according to an announcement today by Fred W. Davis, state commissioner of agriculture. Promoters of the plant expect to handle most of the annual rabbit crop in their mill.

The Texas state department of agriculture has decided to attempt to create a country-wide demand for rabbit meat. It is expected that not less than 1,000,000 Texas born and reared rabbits will be shipped to New England and eastern markets during the next few winter months. Commissioner Davis says the rabbits are quoted in some cities at a higher price than turkey or chicken.
